Re: Mason County Transit Authority (MCTA)
Wallace Boulevard Bus Pullout Project
Recommendation for Project Award

Dear Mr. O'Connell:

In conformance with the request of Ms. Kathy Cook by correspondence dated February 11, 2005, I have completed my review of the bid results/documentation for the subject project. The documentation review included those documents identified in the February 11th dated correspondence.

As I recall, no bids were received for the bid call conducted in the fall of the year 2004. Please note that our construction estimate was provided to you in April of 2004, and assumed that construction would occur in the 2004 construction season. Our construction estimate (excluding sales tax) was $29,405. Within an inflation factor (for construction in the year 2005) of 10%, our updated estimate would have been approximately $32,400, or about 20% lower than the low bid amount of $38,800.

Based on your situation I do not believe that you will receive lower bids with a subsequent bid call. I would recommend that MCTA award the construction to the low bidder, Legacy Construction LLC, based on their low bid received at $38,800 (plus sales tax applicable) subject to:

2. Sufficient funding available in your budget.

Please feel free to contact me if you have any questions.

MASON TRANSIT
VOLUNTEER DRIVER PROGRAM POLICY

1. **Service Definition**

Volunteer Transportation Services are provided in a variety of settings across the State and are usually an adjunct to regularly scheduled transportation services for persons with special needs. They provide a necessary alternative to regular transportation services when they are available.

Volunteer drivers perform their functions on behalf of or under the direction of the agency seeking their services. While the volunteer's vehicle is in use on agency directed business, the vehicle is considered a mobile work site and the volunteer an agent of the agency. The scope of the volunteer driver's relationship with the agency should be limited to the purposes of transporting and escorting (as needed) clients to and from essential services, e.g., health facilities, social services, nutrition sites, etc. Volunteer drivers in this program drive their own cars and receive reimbursement for expenses incurred, as follows:

(a) Tolls and parking will be reimbursed for the actual values. If the cost item exceeds two dollars, the driver should submit a receipt with the claim.

(b) Drivers should attempt to control program costs by scheduling their meals around trips and furnishing their own snack lunches. However, meals are a reimbursable cost if unforeseen delays occur and the trip exceeds four hours. Cost reimbursement for meals shall not exceed thirty dollars a day; or six dollars for meals before 12:00 P.M., ten dollars for meals between 12:00 P.M. and 6:00 P.M. and fourteen dollars for meals after 6:00 P.M.

(c) Mileage is variable with the cost of fuel. The MCTA will set the mileage reimbursement rate and so inform the drivers prior to any commitment of the trip. The mileage allowance shall not exceed the IRS reimbursable level.

(d) The MCTA will not reimburse drivers for fines resulting from illegal operation of the vehicle, i.e., traffic or parking violations.

2. **Target Population**

The target populations for the Volunteer Transportation Program are persons who, because of financial or physical incapacity, have no appropriate means of transportation available to them. Persons using the service are unable to use the regular transportation services when available.

3. **Minimum Requirements for Volunteer Transportation Programs**

(a) **Insurance Coverage**

Each person volunteering his/her services and his/her vehicles in the Volunteer Transportation Program shall meet the State requirements as to motor vehicle policy or bond, as the volunteer's personal
insurance is the primary liability protection. The following minimum coverage is recommended by the State of Washington in the Revised Code of Washington (RCW 46.29.090):

$25,000 bodily injury, each person
$50,000 bodily injury, each accident
$10,000 property damage

Please note that the minimum coverage established by the RCW are viewed by some insurance and legal professionals to be inadequate.

Volunteers should provide proof of coverage that will be satisfactory to the transportation provider. The agency the volunteer is affiliated with will maintain excess automobile insurance which supplements auto insurance coverage for each volunteer driving his/her own vehicle.

The agency should explore with its insurer the need for any additional coverage or coverages. In obtaining the excess coverage, the agency is advised to insure that the policy has wording that is specific to the coverage of volunteers (i.e., other workers under the supervision, control or direction of the insuring organization).

(b) Volunteer Driver Selection

Transportation providers offering a volunteer transportation component should assure that the volunteer drivers are reliable and able to drive safely. If at any time MCTA deems that a volunteer driver is not performing his/her duties in a safe and reliable manner, at the sole discretion of MCTA no further volunteer services will be assigned, including those that have been ongoing, pending determination by the volunteer coordinator. Selection of volunteer drivers should be based upon the following criteria:

(1) Prospective volunteer should have an appropriate and valid Washington State driver’s license.
(2) Assurance that the prospective volunteer has a safe driving record; at a minimum the volunteer should have had no at-fault accidents or moving violations in the past three years.
(3) Assurance that prospective volunteer has no criminal history record or record of Child or Adult abuse.
(4) Assurance that prospective volunteer has State established minimum required insurance coverage.
(5) Assurance by prospective volunteer that his/her vehicle is mechanically sound.
(6) Assurance by prospective volunteer that he/she is physically capable of safely driving their vehicle and that medications are not being taken that affect driving ability. Additional assurance may be requested in the form of a letter provided by the volunteer’s physician.
(7) Assurance that prospective volunteer’s vehicle has seat belts; that the volunteer will use seat-belts at all times and will require compliance by their passenger(s) of Washington State Laws regarding the wearing of seat belts.
(8) Assurance by the prospective volunteer that he/she will maintain required records, (e.g., verification of trip records.)
(9) Assurance that the prospective volunteer will refrain from accepting any donations from clients. Self-addressed envelopes are provided for clients wanting to make voluntary donations which protects the client’s right to confidentiality and which safeguards the funds from theft or fraud.
(10) Assurance that the prospective volunteer will maintain the conditions of his/her selection in B (1)-(10) above.
(c) Volunteer Driver Orientation

The agency should provide orientation to volunteers prior to their providing service.

Orientation should include:

1. Information about the agency.
2. The purpose of the Volunteer Transportation Program.
3. The role volunteers play in the Community Transit System.
4. An explanation of the job description.
5. Volunteer rights and responsibilities:
   - To maintain their vehicle in safe operating condition.
   - To assure the use of seat-belts by passengers and volunteer.
   - To maintain client confidentiality.
   - To maintain the client's right to self-determination.
   - To exercise due care in operating the motor vehicle.
   - To notify the agency in the event of an accident.
   - To appropriately use Disabled Parking Permit.
6. Reimbursement for expenses incurred.
7. Reporting requirements.
9. Agency contact and supervision.

(d) Volunteer Driver Training

Special training opportunities should be encouraged for:
- CPR
- Defensive Driving
- First-Aid

The project is encouraged to coordinate training with other community programs in order to maximize the volunteer's knowledge about the integration with the area service delivery system. Cost of such training will be reimbursed by MCTA.

(e) Volunteer Driver Review

On at least a semi-annual basis, each volunteer driver will be reviewed in conference to:
1. Update job application information with regard to name, address and emergency contact; Driver’s license information; at-fault accidents and traffic violations; vehicle information; health status; and certification statement.
2. Review performance and job responsibilities.

Any accident or reportable incident involving a volunteer performing agency-sponsored activity should be reported and investigated immediately by the agency. A report of the accident should be filed in the volunteer's personnel file.

Revised 04/12/05
MASON COUNTY TRANSIT AUTHORITY
VOLUNTEER DRIVERS DRIVING PERSONAL AUTOMOBILES
STATEMENT OF UNDERSTANDING

The purpose of the volunteer driver is to provide safe and reliable transportation to and from essential services (e.g. medical facilities, social services, nutrition sites, etc.)

Volunteer drivers in this program drive their own personal vehicles and may or may not be reimbursed for expenses incurred depending on prior agreement with the agency. Only expenses that have been authorized by Mason County Transportation Authority (MCTA) will be considered for reimbursement. MCTA provides automobile and general liability insurance to the overall program excess of the volunteer drivers' personal auto insurance.

The rider being transported by a volunteer driver is a person who has been determined by MCTA to have no appropriate means of personal transportation available.

The following minimum insurance coverage is required by the State of Washington in the Revised Code of Washington (RCW 46.29.090):

$25,000 bodily injury, each person
$50,000 bodily injury, each accident
$10,000 property damage

I understand that I must meet these standards for motor vehicle insurance, policy or bond. My personal insurance is the primary liability protection and must be issued by a company authorized to do business in the State of Washington. I understand that I am not an employee or agent of MCTA and that I will indemnify and hold harmless the MCTA, its employees, officers and agents from any and all claims arising out of, or in any way connected to my activities as a volunteer driver.

I will provide MCTA with a certificate of insurance as proof of coverage. In the event that my coverage changes or is cancelled, I will immediately notify MCTA of such changes or cancellations.

I have had a valid Driver's license for the past three (3) years and currently possess a valid Washington State Driver's license. I will provide a copy of my valid Driver's license to MCTA. I understand that MCTA will be requesting an Abstract of Driving Record (MVR) Check and a Criminal History Check to ensure no history of Child or Adult abuse.

I have had no at-fault vehicle accidents in the past three (3) years and agree to have MCTA verify my driving record.

I will notify immediately and provide MCTA with a copy of:
1. Any accident reports in the event that I am involved in a vehicle accident.
2. Any moving violation that I may receive while this agreement is valid.

I am physically capable of driving my vehicle safely and will not drive while using any alcohol, drugs, or controlled substances that may affect my driving ability, either prescription or over-the-counter. I will provide a statement from my physician stating that I am capable of participation in this program, if requested by MCTA to do so.

I agree to accept trip assignments that may require transport of more than one passenger.

My vehicle is mechanically sound and is equipped with seatbelts, which I and my passengers will use. Children age sixteen (16) and under will be placed in the rear of the vehicle and child restraints will be properly used for all children under the age of three (3) years or forty pounds (40 lbs.).

I will maintain all records required by MCTA. I will not accept donations from any passenger, but will provide a MTA self-addressed envelope for passengers' wanting to make a voluntary donation directly to MCTA which safeguards the funds from theft or fraud and protects the passenger's right to confidentiality.

I have been provided with information about MCTA, the purpose of the Volunteer Transportation Program, and my role and responsibilities as a volunteer driver.

I will notify MCTA at the time that I no longer wish to be involved in this program.

I have read and understand the above statements.

MCTA or the undersigned may terminate this agreement at any time.
